## HOW TO SELECT YOUR LENS STRENGTH:

Without reading glasses, place chart **35,5cm** (about arms length) distance from you.

**Read** the lines from the **top** to the **bottom**.

The first line you have **difficulty reading** has the lens strength to the right. That is your **correct lens** strength.

Can you read this line?	<b>+2.00</b>
Can you read this line?	<b>+1.50</b>
Can you read this line?	<b>+1.25</b>

YOUR AGE	RECOMMENDED READING GLASSES POWER
40 - 44	+1.00
45 - 49	+1.00 to +1.50
50 - 54	+1.50 to +2.00
55 - 59	+2.00 to +2.50
60 +	+2.50

\*For normal reading distance (35.5cm's)

**ATTENTION:** Ready-to-wear non-prescription reading glasses are not intended to replace those prescribed by an eye doctor. Regular eye exams by a doctor is recommended to determine your vision needs and eye health status. This chart is meant to help you determine if reading glasses will be useful in your case.
